South Florida, University of, Muma College of Business Administration

The eighth largest public university in America, the University of South Florida is a global research university dedicated to student success. One of its largest colleges, the Muma College of Business, boasts one of America's best accounting schools, a top-ranked entrepreneurship center, a nationally ranked MBA program, world-class research faculty and a comprehensive portfolio of business education programs. We do more than simply disseminate information; we create intellectual capital and produce graduates who are not only ready for today's workplace but who are also trained to be forerunners in tomorrow's workforce. In short, we equip students with the skills and knowledge needed to take leadership positions in business and society. Our 6,000 students are a mix of traditional, full-time students who live on campus and commuter students who work 40-hour weeks while furthering their education. We offer nine undergraduate degree options, 10 graduate degree programs, and a doctoral program in business administration with specializations in accounting, finance, information systems and decision sciences, and marketing.

商学院的价值观和伦理： 做负责任的科学

□ 徐淑英^①

摘要：无价值取向科学是一种既不可能也不可取的理想，特别是对于社会科学来说更是如此。鉴于社会科学研究对象是个人和团队，所以在研究过程中选择探究主题、决定资助值得研究的社会问题类型、保护人类等方面，社会、道德、伦理或政治价值观都是内化其中、不可避免的。再者，科学职责要求科学家确保知识信度，是社会政策风险评估负责的专家。本文解释了与科学有关的两种主要类型的价值观：认识价值观——确保是好科学的规范和标准，以及社会价值观——特别用于评估错误结论的成本，进而简释了商学院研究中价值观的作用，以及阐明了社会和政治价值观的侵入如何损害了商学工作者科学研究的客观性和质量。本文赞同“负责任的科学”这一观点，并引入该观点——认清科学和社会是相互依赖的，科学需要满足认识价值观和社会价值观。为此，本文呼吁，应鼓励商学院的研究向满足严谨性（有效的、可信的知识）和切题性（对实践有用）方向转变——这是负责任的科学或学术的根本特质。

关键词：无价值取向理想；认识价值观；好的科学；垃圾科学；对社会负责的科学；对社会负责的研究；负责任的科学

一、引言

Responsible Business and Management Research in Service of Society

Our mission is to promote research priorities and practices in business and management research that will produce reliable and useful knowledge to address the challenges of the contemporary societies with major technological, economic, political, and social changes and with increasing diversity in the types of organizations and management practices globally

Primary Target Audiences for Systemic Change

- Faculty-scholars (all disciplines in business & management)
- University leadership (presidents, provosts, VP for faculty and research, tenure and promotion review committees)
- School leadership (deans, associate deans of research, department heads, tenure and promotion committees, PhD program director)
- Journal leadership (editors, associate editors, reviewers)
- Accreditation agencies (AACSB, EFMD, AMBA, etc.)
- Scholarly associations' leadership (AOM, AMA, AAA, AFA, POM, etc.)
- Funding agencies (US-NSF, UK-RGC, EU, Ford Foundation, etc.)

The background is a solid light blue color with a subtle gradient. Scattered across the background are several white hexagons of varying sizes and opacities, some appearing as faint outlines and others as more prominent shapes. The word "Questions?" is centered in a bold, black, sans-serif font.
